PATENT

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

Inventors: Nguyen et al.

Examiner:

Serial No.: 10/698,259

Group Art Unit: 1647

Filing Date: 10/31/2003

Attorney Docket No.: PROTEO.P08CI

Title of Invention: Rapid Induction of Alzheimer's Amyloid Plaque Formation by Sulfated Glycosaminoglycans

Seattle, Washington 98109
December 5, 2005

TO THE COMMISSIONER FOR PATENTS
PO Box 1450
Alexandria, VA 22313-1450

STATUS INQUIRY

Applicants through their attorney of record respectfully request that the status of the above-identified patent application be communicated immediately to their attorney at the address or phone number below. An Updated Filing Receipt was issued 9/14/04 by the Patent Office after a response was filed to the Notice to File Missing Parts. Applicant is awaiting issuance of the first Office Action or some other communication.

Applicants further request that any questions or concerns regarding the application be directed to Patrick M. Dwyer at the telephone number indicated below.

We are no longer enclosing a self addressed card for the purpose of your returning it to us with the status, because the mail room consistently removes it (even though we staple it, as specified, to the request) and sends it back to us along with the card we provide for the purpose of indicating the receipt of this request.

Respectfully submitted,

PATRICK MICHAEL DWYER
Reg. No. 32,411
